 - ☐ Every 3 months
 - ☐ Every 6 months
 - ☐ At least once per year
 - ☐ None of the above
6. A Quality Manual is a required part of the documentation for ISO 9001.
 - ☐ True
 - ☐ False
7. Which of the following model quality elements is contained in only the ISO 9001 Standard?
 - ☐ Document and Data Control
 - ☐ Design Control
 - ☐ Inspection and Testing
 - ☐ None of the Above

TEST QUESTIONS FOR ISO 9000 TRAINING MODULE

8. Guidance on quality manuals is given in which of the following?

- ☐ ISO 10011
- ☐ ISO 10012
- ☐ ISO 10013
- ☐ ISO 14000

9. The management review of the quality system is held to determine which of the following?

- ☐ The continuing suitability of the system
- ☐ The effectiveness of the system
- ☐ Both of the above
- ☐ Neither of the above

10. The contract review is held to ensure which of the following?

- ☐ That all requirements are adequately defined
- ☐ That the supplier has the capability to meet the contract
- ☐ That the company will make adequate profit
- ☐ That any differences between the contract and those in the tender are resolved
- ☐ That all requirements are adequately defined, that the supplier has the capability to meet the contract, and that any differences between the contract and those in the tender are resolved

11. Corrective action may result from which of the following?

- ☐ Customer complaints
- ☐ Internal scrap reports
- ☐ Notification of a field failure
- ☐ All the above
- ☐ None of the above
- ☐ Customer complaints and internal scrap reports

12. The document and data control procedure must call for a master list or equivalent, which, among other things, identifies the current revision status of all documents.

- ☐ True
- ☐ False

TEST QUESTIONS FOR ISO 9000 TRAINING MODULE

13. Which of the following describes changes to documents?

- ☐ Must be done by the same functions/organizations that performed the original review and approval unless specifically designated
- ☐ Must result in purging the system of obsolete documents and replacing them with revisions
- ☐ Can be done by supervisors as they see fit
- ☐ Must be done at least twice a year
- ☐ None of the above
- ☐ Must be done by the same functions/organizations that performed the original review and approval unless specifically designated and must result in purging the system of obsolete documents and replacing them with revisions

14. Which of the following describes incoming inspection on raw materials?

- ☐ Must be done on all incoming shipments
- ☐ Must be done on at least every third incoming shipment
- ☐ Is done in accordance with established procedures
- ☐ Is always done on a random basis

15. Processes requiring pre-qualification of their process capability are frequently referred to as _____.

- ☐ Special processes
- ☐ Pre-control processes
- ☐ Statistical control processes
- ☐ Calibrated processes

16. Which of the following describes product identification and traceability?

- ☐ Is necessary in all cases
- ☐ Is necessary if it is a specified requirement (of the contract)
- ☐ May be necessary because of Government regulations
- ☐ All the above
- ☐ None of the above
- ☐ Is necessary if it is a specified requirement (of the contract) and may be necessary because of Government regulations

TEST QUESTIONS FOR ISO 9000 TRAINING MODULE

17. Which of the following are inspection, measuring, and test equipment that must be controlled and calibrated?

- ☐ All equipment that is used to demonstrate the conformance of product to the specified requirements
- ☐ Software used as inspection devices
- ☐ Any equipment used to assure the quality of the product or service
- ☐ All the above

18. The Quality System Requirement for document and data control is found in which section/paragraph of ISO 9001?

- ☐ 4.4
- ☐ 4.5
- ☐ 4.6
- ☐ 4.7

19. Non-conforming product can be identified by which of the following?

- ☐ Being locked in a cage
- ☐ Physical segregation
- ☐ Red tags
- ☐ Being placed in a specifically marked area on the floor
- ☐ Any of the above as long as it is "suitable"

20. Information on control of measuring equipment can be found in which of the following?

- ☐ ISO 9006
- ☐ ISO 10012
- ☐ ISO 10011
- ☐ ISO 10013

21. Which of the following is true of non-conforming product?

- ☐ It may be reworked to meet the specified requirements.
- ☐ It may be accepted with or without repair by concession.
- ☐ It may be regraded for alternative applications.
- ☐ It may be rejected or scrapped.
- ☐ All the above
- ☐ None of the above

TEST QUESTIONS FOR ISO 9000 TRAINING MODULE

22. Which of the following is true of corrective action?

- ☐ It must be done, no matter what the cost.
- ☐ It is initiated only by the management review.
- ☐ It never leads to revision of documents.
- ☐ It should be done with action and effort to a degree appropriate to the magnitude of problems and commensurate with the risks encountered

23. Which of the following describes delivery of products?

- ☐ The supplier is not responsible for product after it leaves his shipping dock.
- ☐ The supplier is responsible for the product until it reaches the customer, regardless of the ownership of the transportation means.
- ☐ The customer is always responsible for the transportation of the final product.
- ☐ The supplier is responsible for the product as contractually specified.

24. Quality records must not be in the form of electronic media.

- ☐ True
- ☐ False

25. Records from subcontractors never become an element of quality records maintained by the supplier.

- ☐ True
- ☐ False

26. Which ISO documents are described as “requirements”?

- ☐ ISO 9001
- ☐ ISO 9002
- ☐ ISO 9003
- ☐ ISO 9004
- ☐ ISO 9001, ISO 9002, and ISO 9003
- ☐ ISO 9001, ISO 9003, and ISO 9004

27. Which of the following is true of quality records?

- ☐ They are not an important part of the requirements of ISO 9001.
- ☐ They must be stored in a way that facilitates easy retrieval.
- ☐ They are not kept to demonstrate the effective operation of the quality system.
- ☐ They are never made available to the customer or the customer's representative.

TEST QUESTIONS FOR ISO 9000 TRAINING MODULE

28. ISO 9001 does not mention maintenance of equipment.

- ☐ True
- ☐ False

29. In ISO 9001, which of the following is the clause/section/quality system requirement addressing inspection and test status?

- ☐ 4.3
- ☐ 5.7
- ☐ 4.6
- ☐ 4.12
- ☐ None of the above

30. Every clause or quality system requirement in ISO 9001 can stand alone without interface with any other clause.

- ☐ True
- ☐ False

31. The ISO 9000 series documents can be classified as which of the following?

- ☐ Guidance or Conformance
- ☐ Regulations or Requirements
- ☐ Suggestions or Admonitions
- ☐ None of the above

32. How many requirements/clauses are contained in ISO 9002?

- ☐ 10 requirements/clauses
- ☐ 15 requirements/clauses
- ☐ 19 requirements/clauses
- ☐ 20 requirements/clauses

33. Which of the following is covered by ISO 9000-3 ?

- ☐ Processed materials
- ☐ Software
- ☐ Services
- ☐ Quality improvement

TEST QUESTIONS FOR ISO 9000 TRAINING MODULE

34. Which of the following is covered by ISO 10012?

- ☐ Dependability
- ☐ Auditing
- ☐ Software
- ☐ Metrological confirmation (calibration) system

35. ISO 9001 has requirements that address which of the following?

- ☐ Documentation
- ☐ Training
- ☐ Record keeping
- ☐ Maintenance of measuring equipment
- ☐ All of the above
- ☐ Documentation and record keeping only

36. The supplier shall ensure that the quality policy is understood, implemented, and _____ at all levels of the organization.

- ☐ Initiated
- ☐ Maintained
- ☐ Processed
- ☐ Defined

37. The _____ has overall responsibility for the quality system and may include liaison with external parties on matters relating to the supplier's quality system.

- ☐ Quality Manager
- ☐ Purchasing agent
- ☐ Chief inspector
- ☐ Management Representative

38. _____ is the activity of defining and documenting how the requirements for quality will be met.

- ☐ Quality planning
- ☐ Goal setting
- ☐ Contract review
- ☐ Concession meeting

TEST QUESTIONS FOR ISO 9000 TRAINING MODULE

39. Verification of quality at the vendor by the customer does not absolve the supplier of the responsibility to provide acceptable product.

- ☐ True
- ☐ False

40. The document to which a supplier registers if it engages in R&D, production, installation, and servicing is _____.

- ☐ ISO 9004
- ☐ ISO 9003
- ☐ ISO 10013
- ☐ ISO 9001

41. Which of the following describes the relationship of the ISO 9000 series and Total Quality Management?

- ☐ ISO is considered a subset of TQM.
- ☐ TQM is considered a subset of ISO.
- ☐ ISO and TQM are completely different.
- ☐ ISO and TQM are incompatible.

42. For a person to be qualified as an internal auditor, ISO 9001 states which of the following?

- ☐ The person must be certified by the RAB.
- ☐ ISO 9001 states nothing about the qualifications of an internal auditor.
- ☐ The person must take a 36-hour course and pass an exam.
- ☐ The person must work in the department he or she audits.
- ☐ None of the above.
